

## MEDIA RELEASE #1

### **Mayor Eady of the Town of Renfrew is issuing the following statement**

Town of Renfrew continues to monitor the COVID-19 public health concerns. We continue to engage in discussions with stakeholders and partners in the medical industry.

The safety of our citizens and staff while maintaining efficient service delivery is of paramount importance and our main focus at this point in time. We are currently assessing our services to determine best practices to minimize risk of exposure to citizens and our employees.

The Town will provide the earliest possible notice for cancellation of events, closures of facilities and any disruptions in municipal services. An update will be provided on Monday March 16, 2020 based on information gathered from our ongoing consultations with health care professionals. Town of Renfrew is doing our part to work with multiple government agencies to relay reliable information and resources. Follow provincial/federal Ministries guidelines to stay informed and help prevent the spread of this disease:
